

Mortgage Bankers Association of Hawaii

Mortgage Bankers Association of Hawaii (MBAH) has been the real estate finance industry representing companies operating in all facets of the industry in Hawaii. In all market conditions, we are proud to serve you by focusing on these primary objectives.

1. **Advocacy** – We are committed to be up-to-date on issues that matter to all of us. We will testify on legislation if there is an impact to our business.
2. **Networking** – Our events allow you to network and contribute to our larger community. We have provided financial gifts to support Hawaii HomeOwnership Center and Hawaii Meals on Wheels in 2018 to support first-time homeownership and getting meals to those in need. Our annual conference always features relevant speakers with 215 in attendance.
3. **Education** – We offer periodic workshops to help your business! Last year's sessions included information on the tax reform, seizing market share in a purchase environment, and about body language & first impressions. 2019 is starting with sessions about how you can optimize Linked In and knowing your communication style.

The MBAH board is proud to be comprised of volunteers who represent multiple companies and roles within Hawaii's real estate finance industry. The association needs your help to represent Hawaii's collective voice. We ask for your commitment to become a member and be involved as we move forward into 2019!
